

MODUS OPERANDI

Chundukwa Horse Trails

Chundukwa is situated about 30km upstream from the Victoria Falls, overlooking the mighty Zambezi River. One of our main activities are horse trails.

All of our trails are led by fully qualified Chundukwa guides, who will show you the sights and sounds of upper Zambezi bush and river systems.

There is a chance that you may see the shy and elusive bushbuck, the dainty impala and in certain seasons large herds of elephant may be seen as you steer your horse through the ever-changing terrain. Crocodile and hippo are a common sighting along the route.

Horses

Chundukwa horses are all tough, hardy, well-schooled ponies. We cater for all levels of riding, although novice and experienced riders should as far as possible not be mixed as the guide must cater for the weakest rider for safety, although a good gallop can be organised for the experienced rider.

Children

Children are welcome although under 12's should have had previous riding experience if wanting to go on longer trails. Smaller children can be led on ponies while parents are out on the trails.

Clothing

We suggest for your own comfort, long trousers and trainers and bring plenty of sunscreen.

Equipment

Hard hats are supplied. Saddles are English, McLellan and Australian Stock saddles. Saddlebags can be arranged if necessary for the longer trails. We do travel with a basic first aid kit and a radio.

Trails

All trails start or finish along the banks of the Zambezi, while longer trails go into the indigenous Teak Forests that run parallel with the river.

Your horse trail can last from one and half-hours to an overnight trail. On overnight trails you spend the evening in our fully catered Bush camp with a traditional meal served to you and your guide, amongst the night sounds of the African bush.

On longer trails, cold drinks and water are supplied on route.

Horse Trails Available:

1.5 hour

2.5 hour

½ Day without lunch

½ Day with lunch

Full day including lunch

Overnight staying in our Bush camp, Lodge or Tented Fly Camp.

Early morning ride with champagne breakfast

On the early morning champagne breakfast ride, our African bush chef will prepare for you a full English breakfast as you sit beneath the shade of the Natal Mahogany trees, overlooking the mighty Zambezi. The ride will last approx 1.5 hours and the breakfast a leisurely 1-hour.

On rides where lunch is included you will be served with the quiche of the day, a selection of three salads, cold meats, stuffed eggs and freshly baked bread rolls.

Pick up times

Pick up times vary according to the seasons:

October to March – morning pick up is at 07h30

Afternoon pick up is at 14h00

April to September pick up is slightly later as this is the cooler part of the year.

Minimum 2 Maximum 8
