

MICROLIGHTS

Batoka Sky Adventures Ltd operates weight shift Aerotrike microlight aircraft, manufactured by Rainbow Aircraft in South Africa. These trikes are equipped with Austrian manufactured 912 Rotax engines

Batoka Sky Adventures Ltd operates the only microlight flight training school in Zambia, approved by the Zambian Department of Civil Aviation and the highest standard of tutoring is offered.

Our resident commercial pilots are carefully selected and Instructor Rated.

Highly qualified engineers carry out all aircraft servicing with many years experience providing us with an excellent safety record.

- Capacity - Pilot plus one (1).
- Restrictions:
 - Weather
 - Passenger weight limit (100Kg) - for the larger customer please inform us before booking
 - No cameras allowed for safety reasons
 - We offer a wing-mounted camera that is operated by the pilot at US\$ 10.00
 - Own film, camera only US\$ 5.00

This is not only safer but provides the unique opportunity for the passenger to be photographed in the microlight with the beautiful scenery behind them. The pilots have vast experience and know where the best shots can be taken with excellent results. Actually capturing more on camera than the passenger would, further allowing them the experience without worrying about taking photographs.

The aircraft are available for the following flights.

- 15 min flight of angels
- 30 min flight of angels combined with game viewing

- Charters
- Flight training

Description of the flights. Due to the close proximity of Maramba Aerodrome to the Zambezi River, the aircraft are over the river within 30 seconds of take off:

- 15 min FOA. After take off over the Zambezi River and onwards to The Victoria Falls circle over the Falls and the islands then return to Maramba Aerodrome.
- 30 min FOA. After take off over the Zambezi River and onwards to The Victoria Falls circle over the Falls and the islands. Fly upstream along the Zambezi River to Kandahar Island, low level over the Mosi-oa-Tunya Zoological Park for unique game viewing and return to Maramba Aerodrome.

Charters

We offer tailor made flights around the area for those that wish to take in more of the beautiful scenery and game viewing available.

Prices available on request according to flight time.

Training school

A quotation is available, but prices will range due to the capability of the student. We can take the student up to solo standard, and they have the option to either complete the course and examinations in Zambia or take their knowledge and experiences back to their own country and complete the course there.
